Our Education Strategy is built on 'Seven Characteristics of Excellence'. Through co-production with schools, we have identified what we believe will make the biggest difference to children achieving the best. Reflective Leadership; Starting well together on their education journey; A curriculum for an ever-changing world; Teaching excellence along with inspired learning; The celebration of diversity and difference; An environment where physical and mental wellbeing encourages learning to flourish; Outward facing opportunities - looking beyond the horizon; We know and believe if these key characteristics are at the forefront of everything we do, we will achieve excellence.
