Court de Wyck Church School PSHE and RSHE Policy

Policy Date: Jan 2026

Review Date: Jan 2027

Member of staff responsible: Kate Litt

Our School Vision for PSHE

At Court de Wyck Church School, we teach Personal, Social, Health and Economic Education as a whole-school approach to underpin children's development as people and because we believe that this also supports their learning capacity.

The Jigsaw Programme offers us a comprehensive, carefully thought-through scheme of work which brings consistency and progression to our children's learning in this vital curriculum area. The overview of the programme can be seen on the school website.

This also supports the "Personal Development" and "Behaviour and Attitude" aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school's Safeguarding and Equality Duties, the Government's British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

Statutory Relationships and Health Education

"The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education. They also make Health Education compulsory in all schools except independent schools." *DfE Guidance p.8*

Here at Court de Wyck Church School, we value PSHE as one way to support children's development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning.

We include the statutory Relationships and Health Education within our whole-school PSHE Programme, in line with the overarching approach and beliefs of the Bath and Wells Multi Academy Trust.

To ensure progression and a spiral curriculum, we use Jigsaw, the mindful approach to PSHE, as our chosen teaching and learning programme and tailor it to our children's needs.

PSHE Content and Delivery- a Whole-school approach

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education.. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content
Autumn 1	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
Autumn 2	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding diversity
Spring 1	Dreams and Goals	Includes goal-setting, aspirations, working together to design and organize fund-raising events
Spring 2	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Summer 1	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Summer 2	Changing Me	Includes Relationships and Sex Education in the context of looking at change

At Court de Wyck Church School, we allocate an hour to PSHE each week in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way.

These explicit lessons are reinforced and enhanced in many ways:

- Assemblies and collective worship
- Praise and reward system
- Learning Charter
- Through relationships child to child, adult to child and adult to adult across the school

Relationships Education

Relationships Education in primary schools covers 'Families and people who care for me', 'Caring friendships', 'Respectful relationships', 'Online relationships', and 'Being safe'.

Although the Relationships Puzzle (unit) in Jigsaw covers most of the statutory Relationships Education, some of the outcomes are also taught elsewhere in Jigsaw (e.g. the Celebrating Difference Puzzle helps children appreciate that there are many types of family composition).

Health Education

Health Education in primary schools covers 'Mental wellbeing', 'Internet safety and harms', 'Physical health and fitness', 'Healthy eating', 'Drugs, alcohol and tobacco', 'Health and prevention', 'Basic First Aid', and 'Changing adolescent body'.

Many of the statutory Health Education outcomes are taught through the Healthy Me Puzzle, with others being taught through other puzzles and revisited throughout the Jigsaw programme (e.g. emotional and mental health is nurtured every lesson through mindfulness practices).

Sex Education

At Court de Wyck Church School, we believe children should understand the facts about human reproduction before they leave primary school, in line with recommendations from the DfE.

We define Sex Education as:

Helping children understand their bodies, feelings, relationships, and how to keep themselves and others safe.

It includes learning about respect, boundaries, friendships, families, emotions, consent, and where to get help, as well as basic information about how bodies grow and change.

Sex education helps us learn about our bodies, our feelings, how we care for ourselves, and how we treat other people kindly and safely.

In primary school, sex education focuses on personal development. It supports children to understand relationships, respect, consent, safety, and emotional wellbeing, alongside learning about growth and change in an age-appropriate way.

We intend to teach this through our PSHE lessons during Changing Me at The end of Years 4, 5 and 6, gradually introducing the learning and allowing children to revisit the content each year.

Working with Parents and Carers

At Court de Wyck Church School, we recognise that parents and carers are the primary educators of their children, especially in matters of relationships and values. Their role is vital in helping children to grow, mature and form healthy relationships.

We are committed to building positive and supportive relationships with our parents and carers through mutual understanding, trust, and cooperation. To achieve this, we:

- Share information about our RSHE policy and curriculum through letters, the school website, and parent meetings
- Welcome questions from parents/carers about our RSHE programme and their child's involvement
- Listen carefully to any concerns raised by parents/carers about the policy or curriculum content
- Consider parental feedback when reviewing our RSHE policy and resources
- Provide guidance on how parents/carers can support RSHE learning at home

We believe that children benefit most when they receive consistent messages at home and school. We therefore invite parents of Key Stage 2 children to information sessions where they can learn about curriculum content and view resources before more sensitive topics are taught.

Right to Withdraw from Sex Education

Parents cannot withdraw their child from Relationships Education, Health Education, or the Science Curriculum, as these are statutory requirements.

However, parents do have the right to request that their child be withdrawn from some or all of the Sex Education delivered as part of our RSHE curriculum (specifically lessons covering human reproduction beyond the Science Curriculum). In Jigsaw, we feel these lessons are:

- Year 4, Lesson 2 (Having a baby))
- Year 5, Lesson 4 (Conception)
- Year 6, Lesson 3 (Conception, birth)

If a parent wishes to withdraw their child, they should:

1. Contact the Headteacher in writing
2. Meet with the Headteacher to discuss their concerns
3. Understand which specific lessons their child would be withdrawn from

During this discussion, the Headteacher will:

- Explain the content and purpose of the Sex Education curriculum
- Discuss the benefits of receiving this education in school
- Consider any potential social or emotional impacts of being withdrawn

If a child is excused from Sex Education, they will be provided with purposeful, supervised education during this time.

Addressing Sensitive Questions and Topics

Our staff approach all RSHE topics with professionalism and objectivity. While we respect that people hold different personal views, all topics are presented factually and without bias, allowing pupils to form their own informed opinions while respecting diverse viewpoints.

When pupils ask questions, teachers will:

- Respond in an age-appropriate way
- Consider whether to answer immediately, later in a small group, or individually
- Use age-appropriate, factual language
- Redirect questions to parents/carers when they go beyond the planned curriculum, if appropriate

We have established clear protocols for handling questions, including:

- Anonymous question boxes where pupils can submit queries
- Guidelines for teachers on addressing different types of questions
- Procedures for consulting with senior staff or our Designated Safeguarding Lead when needed

All pupils will be treated with equal respect regardless of their background, family structure, or protected characteristics.

Resources

All resources used in our RSHE curriculum are:

- Age-appropriate and evidence-based
- Aligned with our school values and ethos
- Inclusive of diverse families and relationships
- Factually accurate and educationally sound
- Regularly reviewed and updated

We primarily use Jigsaw PSHE as our core teaching resource.

Connections to Other School Policies

Our RSHE policy connects to several other school policies including:

- Safeguarding and Child Protection Policy
- Behaviour Policy
- Anti-Bullying Policy
- Online Safety Policy
- Equality Policy
- SEND Policy

Staff Development

All staff teaching RSHE receive appropriate training and support. Professional development opportunities include:

- In-school training sessions
- Attendance at relevant external courses
- Mentoring from experienced colleagues
- Access to up-to-date resources and guidance

Staff are encouraged to discuss any concerns about teaching RSHE with the PSHE Lead or senior leadership team.

Monitoring and Assessment

The delivery and impact of our RSHE curriculum is monitored through:

- Lesson observations and learning walks
- Review of planning and resources
- Pupil feedback and questionnaires
- Discussion with teachers
- Regular reports to governors

The PSHE Lead works with class teachers to evaluate the effectiveness of our RSHE provision and make improvements where necessary.

Equality

We promote respect for all and value every individual child. We also respect the right of our children, their families and our staff, to hold beliefs, religious or otherwise, and understand that sometimes these may be in tension with our approach to some aspects of Relationships, Health and Sex Education.

Jigsaw PSHE documents needed to explain these procedures:

The Jigsaw Programme is aligned to the PSHE Association Programmes of Study for PSHE [jigsaw-making-connections.pdf \(windows.net\)](#)

- Jigsaw 3-11 and statutory Relationships and Health Education (mapping document) [jigsaw-3-11-and-rshe-overview-map.pdf \(windows.net\)](#)
- Including and valuing all children. What does Jigsaw teach about LGBT+ relationships? [rshe-a-guide-for-parents-and-carers-leaflet-2020.pdf \(windows.net\)](#)
